Dear Friend and Client:

Today, the public accounting firm of Johnston Harrington, P.C. has begun performing client services under the name Harrington, Carbone & Allison, LLP (“HCA”). The new name represents a major milestone in a plan to assemble a team of highly committed and talented Certified Public Accountants to deliver high quality firm resources to the clients we serve. The change of name largely represents just that—a change in name -- but our vision continues and is unwavering around bringing high quality resources to meet your additional needs.

The HCA principals include:

- Tony Carbone, CPA has assumed increased roles and responsibilities since joining the firm and has been named the managing partner at HCA. His experience encompasses tax and business issues surrounding a wide variety of entities and individuals. He and his wife, Crystal, are involved in numerous community organizations throughout the Houston area.
- Marilyn Allison, CPA has been named a partner of HCA. Marilyn joined the firm at the end of 2007. She has solid experience in the planning and tax issues surrounding closely held entities and individuals. She and her husband, Mike, are also involved in community activities in the Pearland and surrounding Houston area.
- Deron Harrington, JD, CPA is a dual practitioner providing client services both as a Texas Attorney and CPA. He provides additional depth and experience surrounding tax and business issues for HCA as a CPA. In addition, he is a partner in the law firm of Harrington Morin, LLP (www.harringtonmorin.com).

While the practice of law and CPA services are very complimentary, you should understand that legal services and CPA services are separate and distinct activities. Please note that any potential legal services and/or the formation of any attorney-client relationship between you and Harrington Morin, LLP would be covered under a separate, written engagement letter between Harrington Morin, LLP and you. The establishment of the attorney-client relationship triggers additional duties for the practitioner and potentially creates additional legal rights for the legal client. HCA is not a law firm.
